

Billing Overview

Our pricing is based on the linear footage of bulbs installed, with additional costs for wreaths, garlands, and custom décor.

How the Billing Works

The First Year

The client is billed for:

- Materials
- Installation
- Removal
- Storage

* We give a 3-year warranty on all materials purchased, installed, removed and stored by Lights Up (excluding clips).

The Following Years

The client is billed for:

- Installation
- Removal
- Storage

* After the third year, the client's bill will fluctuate depending on how many bulbs, mini lights, and/or greenery are damaged.

Bulb Size Chart

We have three different size bulbs (C9, Minleon Pro Lumen, and C7) to choose from.

Bulb Color Guide

Explore our seasonal lighting styles — each designed to match your home's personality and holiday vibe.

Cool Bright White LED

Clean, crisp illumination outlining rooflines, windows, and garage for a modern holiday look.

Warm Soft White LED

Soft, cozy glow that wraps your home in a welcoming ambiance — perfect for classic charm.

Multi-color LED

Vibrant mix of red, green, blue, and amber lights for a festive, playful display across rooflines and landscaping.

Installation Styles

Choose how your lighting enhances your home's architecture — from bold outlines to elegant accents.

Perimeter

Colorful lights outlining windows, roof edges, and landscaping for a vibrant, festive look.

Ridgeline

White lights tracing roof ridges and gables — adds architectural definition and elegance.

Verticals

Lights outlining vertical edges like corners and columns — perfect for symmetry and height emphasis.
